

CAN YOU HELP US GROW?

Membership of Mothers' Union is about being part of a dynamic, friendly organisation that goes the extra mile

Mothers' UNION
Christian care for families
Diocese of Gloucester

by praying together **we nourish:**
creating a thriving Christian presence
right at the heart of the local life

by campaigning together **we nurture:**
ensuring a constant message
that family life is critical
to the stability of all societies

by enabling together **we flourish:**
ensuring that the work we do
continually meets the needs of people
'around the world and around the corner'

Mothers' Union is one of the most important lay ministries within the Christian community.

Through its fellowship and active mission Mothers' Union offers what no other group can: the local, effective, liberating building of capacity and mutual support among women
